Features:

- ◇ Convenient! All starts by a switch ON. No need plug into the wall.
- ◇ Quiet! Clean Quiet battery power as quiet as 9V alkaline battery.
- ◇ Small as iphone6 but big Capacity 12800mAh!
- ◇ 2-3hour Fast Charge for Long Lasting over 10hours!
- ◇ Rechargeable Li-ion battery durable and long life span!
- ◇ You can also use it while charging if you forget to charge.

BoxKing Product Manual BK05

Model No. BK05

Slim Size:

140*69*21mm (5.5x2.7x0.8inch)
Net Weight: 334g (0.73lb)

Unit Item Package:

190*130*130mm
Unit Item Package Weight: 925g

Unit Item includes:

BoxKing PowerBank x1
BoxKing Adapter x1
Black Power Cord x8
White Power Cord x2
12/9V to 5V USB cable x1

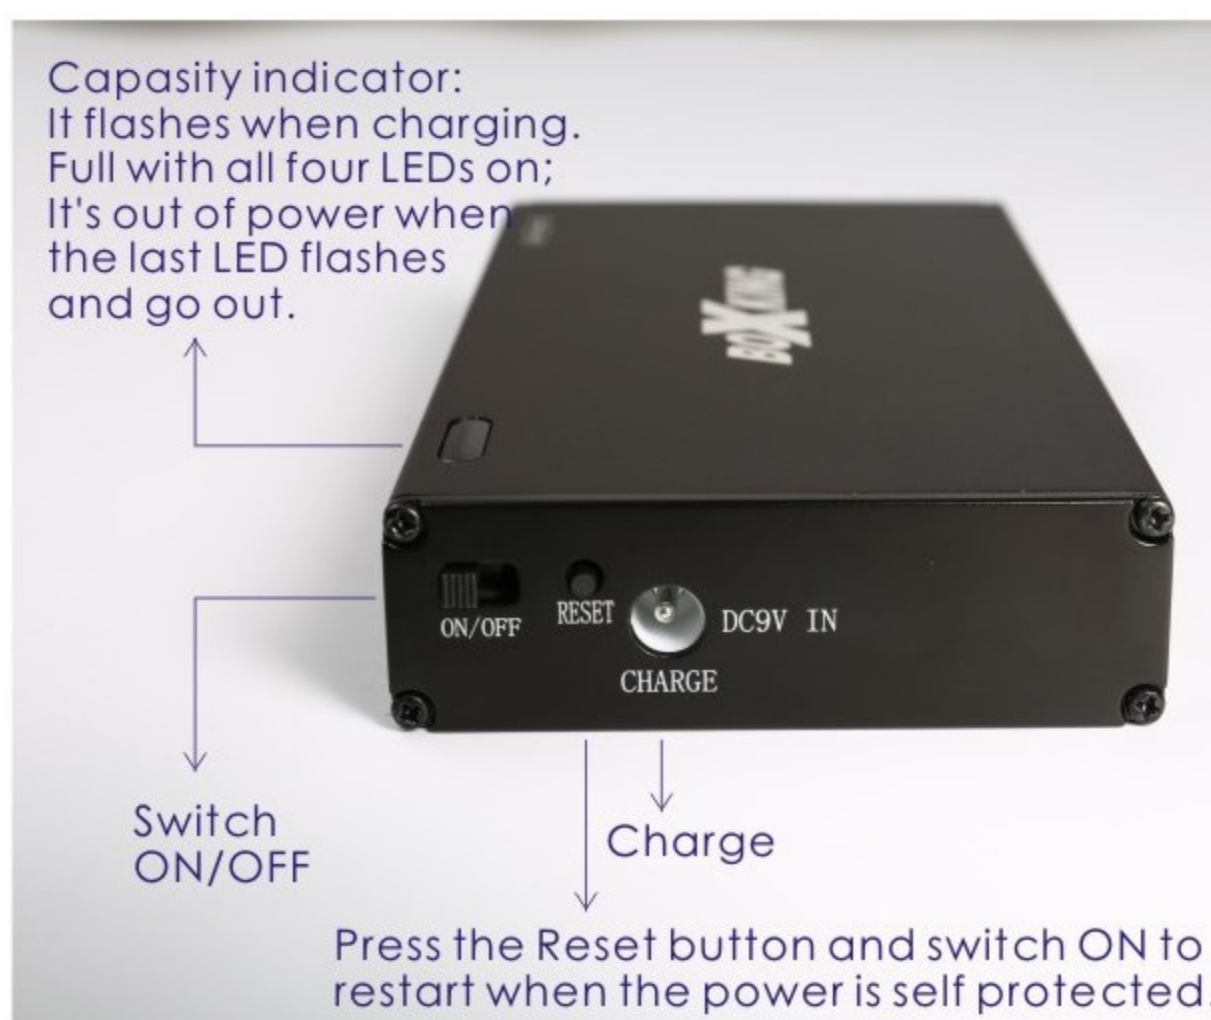

Lasting time more or less depends on
how many pedals it connected
and the pedals' total power.

High Capacity: 12800mAh 47.36Wh
Rechargeable Li-ion 18650 battery
Adapter Input AC85V-265V
Adapter Output: DC9V 1A-1.5A
PowerBank Output: 10ports
DC9V/2000mA DC12V/1000mA
DC18V/450mA DC24V/450mA

Fast Charge: 3Hours on a single charge
 $\frac{\text{Total Capacity}}{\text{Total Workload}}$
Lasting Time \approx
e.g. if power 5pedals all rated 9V 100mA
 $\frac{47.36Wh}{5pcs*9V*0.1A} \approx 10.52h$
Lasting Time \approx

Capacity indicator:
It flashes when charging.
Full with all four LEDs on;
It's out of power when
the last LED flashes
and go out.

Switch
ON/OFF

Charge

Press the Reset button and switch ON to
restart when the power is self protected.

Features:

- ◆ Convenient! PedalBoard built in PowerBank to power up all your pedals. All start by a switch ON. No need extra power for pedals. No need plug into the wall.
- ◆ Quiet! Clean Quiet battery power as quiet as 9V alkaline battery.
- ◆ It's Strong but very light weight only 620g!
- ◆ 2-3hour Fast Charge for Long Lasting over 10hours!
- ◆ Rechargeable Li-ion battery durable and long life span!
- ◆ You can also use it while charging if you forget to charge.

BoxKing Product Manual PB4813

Model No. PB4813

PedalBoard Size:

489*135mm(19.25x5.31inch)
 Net Weight: 620g (1.36lb)

Bag: 535*175*140mm
 Bag Weight: 800g

Unit Item includes:

- Bag x1
- BoxKing Pedalboard x1
- BoxKing Adapter x1
- Black Power Cord x8
- White Power Cord x2
- Male Velcro x1M

Press the Reset button and switch ON to restart when the power is self protected.

Capacity indicator:
 It flashes when charging.
 It's Full with all four LEDs on;
 It's out of power when the last LED flashes and go out.

Use Notice

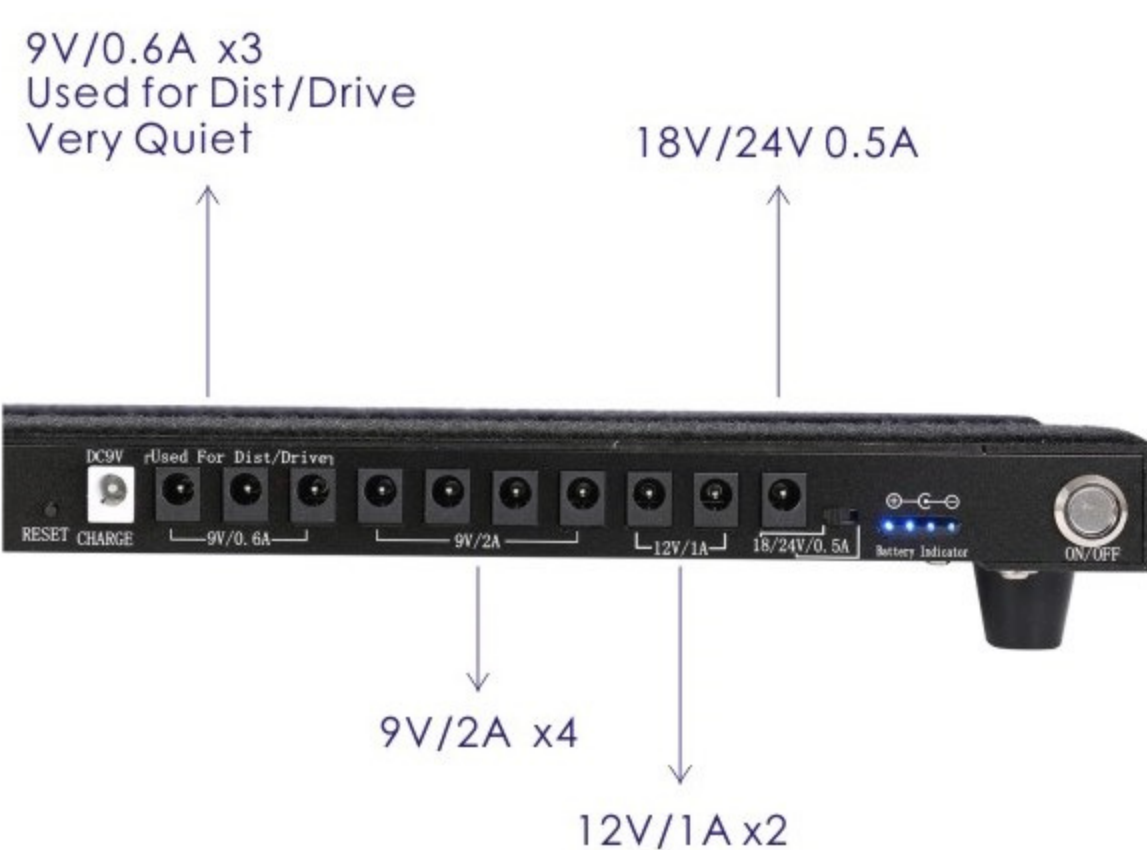

1. Please charge it with BoxKing Charger.
2. Please use the correct polarity power cord.
 If your instrument is (⊕ - ⊖) please use black cord.
 If your instrument is (⊖ - ⊕) please use white cord.
3. Please insert to the voltage same as your instruments.
 Ensure not insert to the wrong voltage otherwise cause damage.
4. Switch ON to use. Switch OFF after use.
5. Stay away from water, fire and other dangerous substance.

High Capacity: 12800mAh 47.36Wh

Rechargeable Li-ion 18650 battery
 Adapter Input AC85V-265V
 Adapter Output: DC9V 1.5-2A
 PowerBank Output: 10ports
 DC9V/2000mA DC12V/1000mA
 DC18V/500mA DC24V/500mA

Fast Charge: 3Hours on a single charge
 Total Capacity
 Lasting Time ≈ Total Workload
 e.g. if power 5pedals all rated 9V 100mA
 $\frac{47.36Wh}{5pcs * 9V * 0.1A} \approx 10.52h$

Lasting time more or less depends on how many pedals it connected and the pedals' total power.

Application:

It's pedalboard but also onboard power supplies to your pedals. Gone are the days of requiring a cable or anything to plug into the wall.
